Looking for something to do this summer? Why not help others while experiencing another country and another culture? 60 of our local teenagers, along with chaperones, have the opportunity to sleep, eat, work and participate in recreation with the 334 orphans in the *Nuestros Pequeños Hermanos* home in the highlands of Guatemala. This trip will enable our teens to enter into another culture and language, and more specifically, the lives of orphaned and abandoned children. You don't need how to speak Spanish. You just need a desire to engage with the children.

**Trip Dates: Sunday June 29<sup>th</sup> thru Sunday July 6<sup>th</sup>, 2014**
